Testimony by Norman Englund

Bridge Prison Ministry Leadership:

From the very beginning, this group has felt like family!

The encouragement and love made it easy to transition into trust.

The genuine caring spirit of all the leadership have played a huge part in my recovery process.

This study has caused me to dig deeper into my life and to look at those areas that needed change and to do something about it.

I am convinced and have absolutely no doubt that I am where I am, due in part to this study and its leaders and the fellowship we have developed over the past several months.

I am truly grateful and honored to be able to call you my brothers and sisters, but more importantly I am thankful to be able to call you all my friends.

Blessings,
Norman Englund

The residents and facilitators are excited about starting the upcoming lesson "Anger Taming A Powerful Emotion."
